HYBRID TEA ROSES, continued

Schwabenland. The largest and most double monthly bloomer. The rose-pink blooms are filled with small petals. Long, strong, straight stems. 70 petals. \$1.25.

Sister Therese. Long golden buds; large, broad, apricot-yellow flowers with brownish stamens. Dependable grower; large, sprawly habit. 22

\$1.00.

Souv. de Mme. C. Chambard. Have you seen the charming two-tone coral-pink blooms of this sterling Rose? They are a new shade and very beautiful, large and semi-double. Strong plant. 40 petals. \$1.00. Stargold. Plant Patent 248. Medium-sized,

yellow blooms so bright in color they glisten. The petals curl, giving the flower a star-like appearance. Spicy fragrance. An upright,

strong grower. 32 petals. \$1.50.

Sterling. Plant Pat. 21. A strong-growing pink
Rose. The pink turns to gold at the base of the
large petals, giving it a luminous sheen. Buds blooms large and double. 37 petals.

Sunburst. Trim pointed buds open to a soft array of colors dominated by rich tawny yellow. The double blooms are freely produced. Subtle fragrance. \$1.25.

Sylvia Groen. A sport of President Hoover, and like the parent in upright growth, sturdiness and blooming qualities. Its color is an excellent blend of pastel shades enriched with crimson late in the season. \$1.25.

Syracuse. The rich red of this fine variety lasts

well throughout the season. The blooms are borne abundantly on long strong stems. Su-perb fragrance. \$1.25. Talisman. The yellowish color on the inside and

the reddish on the outside of the 30 or more petals makes a long-remembered sight. The stems are a little weak during the Summer but

in the Fall they are strong. \$1.00.

Texas Centennial. Plant Pat. 162. Another sport of President Herbert Hoover and like it sport of resident herbert color, which is blood-red toning to cerise and sometimes showing a trace of yellow. 25 petals. \$1.25.

Warrawee. Plant Pat. 140. Extra long buds open into very large flowers of flesh-pink color.

Healthy, vigorous plants. Spicy, clove-pink fragrance. 30 petals. \$1.25.

Will Rogers. Plant Pat. 256. Very dark blackish red blooms full of small petals. Rich damask fragrance. Best in partial shade. 58 petals. \$1.25.

HYBRID PERPETUAL ROSES

Hybrid Perpetuals or "June bloomers" generally burst forth into a marvelous display of bloom in June. Many will bloom again later in the season. Their flowers on the whole are more richly fragrant than any other class and are of very large size. The plants are too large to fit in a Rose-bed of Hybrid Teas but are more foolproof and long-lived. Plant them in the background and in shrub borders. Many of the strongest growers can be trained as pillars, and as such are some effective.

Frau Karl Druschki. A very strong, tall grower which blooms sparsely during the Summer and Fall after bearing bountifully in the Spring. Pure white when open, with prominent yellow stamens but no fragrance. Very large, attrac-tive flowers. \$1.00.

General Jacqueminot (General Jack for short). One of the greatest favorites of the old Roses. It has large, very double and very fra-

grant, deep red blooms mostly in June. \$1.00.

Georg Arends. The charming perfect rose-pink blooms make it greatly esteemed. Flowers are

high centered and especially well formed. \$1.00.

B. Clark. The very large red blooms are shaded maroon. Bush is a very vigorous, tall grower. Very thorny. Try pegging down some of the long canes. So treated they will put out bloom stems at every eye. \$1.00.

Mrs. John Laing. You can't forget the delicious

fragrance of these large, full, double, soft pink cupped blooms. The two-tone pink flowers come occasionally in the Summer as well as abundantly in June. \$1.00.

Paul Neyron. The largest pink Rose, with almost thornless stems. Blooms abundantly in June and sparingly in late Summer. \$1.00.

Ulrich Brunner. The large, globular cherry-red blooms, always refreshing and very lasting.

blooms, always refreshing and very lasting.

SYRACUSE

MARGARET McGREDY

Varieties of Hybrid Tea Roses

Countess Vandal. Plant Pat. 38. Glorious blooms, well formed and produced freely. Entrancing combination of orange, coral, salmon and flesh shades. 30 petals. \$1.00.

Crimson Glory. Plant Pat. 105. Velvety deep red blooms exquisite all season, abundantly produced on sturdy compact bushes. An easy-growing variety. Very rich fragrance. 30 petals. \$1.50.

Crimson King. Plant Pat. neuding. Another

Crimson King. Plant Pat. pending. Another fine crimson to compete with Crimson Glory. The buds are more pointed, usually a little

The buds are more pointed, usually a little deeper color, and the plant is more erect growing. Rich fragrance. \$1.50.

Dainty Bess. A charming 5-petaled Rose of a delicate flesh-pink tint with lavender shading, accented by purple stamens. The most popular single Rose. \$1.00.

Don Rose. The large, coppery pink blooms of this new variety are outstanding. They are of excellent high-centered form, borne on strong stems. 35 petals. \$1.50.

Dooryard Delight. This new type of Rose is dependable in every respect. Its foliage is free from black-spot and mildew and it does not freeze down in Winter. Light pink blooms in from black-spot and mildew and it does not freeze down in Winter. Light pink blooms in large trusses on an upright bush about 2½ feet high. Set 2 feet apart. The blooms are of medium size, fully double. \$1.50.

Dr. Kirk. Burnished flame-scarlet; beautifully formed blooms; spicy fragrance. An upright slender grower. \$1.50.

Dream Parade. Strong, upright growth. Large, double flowers amber color in Spring and

double flowers, amber color in Spring and burnt-orange in Fall. Heavy stems. \$1.25. clipse. Plant Pat. 172. Long, streamlined buds enhanced by very ornamental sepals; pure yellow without shading. One of the finest newer yellow Roses. 25 petals. \$1.25.

Edith Krause. Immense, pure white, perfect blooms on long, strong stems. An upright, medium tall grower. 30 very large petals. \$1.50. Edith Nellie Perkins. Everyone who has it is a booster for this variety. The blooms are a light salmon-pink, shading lighter at the edges, with orange at the base. 32 petals. \$1.25. Editor McFarland. An easy-growing plant producing fine rose-pink flowers. Good stems and nice long-pointed buds. 30 petals. \$1.00. Eternal Youth. Plant Pat. 332. The perfectly formed buds are long and pointed. Lovely clear pink. 53 petals. \$1.25. Etoile de Hollande. Many Rose-growers feel that this is supreme among red Roses. Its scar-

that this is supreme among red Roses. Its scarlet blooms develop perfectly on strong-growing plants. Spicy fragrance. 32 petals. \$1.00. Faience. The large, artistically formed flowers

Faience. The large, artistically formed flowers are a lovely China-pink on the inside of the petals while the outside is a soft yellow, lightly shaded with pink. 45 petals. \$1.25.
Fantasy. Eight large petals unfold from a pretty bud to a large irregular bloom. Blended yellow on the reverse and yellowish pink on the upper sides. Strong grower; free bloom. \$1.25.
Feu Pernet-Ducher. Plant Pat. 103. Real yellow; very double; abundantly produced. Strong, disease-resistant. \$5 petals. \$1.25.
Frances Ashton. Another of the newer delight-

Frances Ashton. Another of the newer delightful single Roses. Deep pink, \$1.00.

All-America Rose. \$2.00. **Gloaming.** Plant Pat. 137. The large, long buds open luminous pink with salmon shadings. The stems are long and strong, and the back a given was a proper to the strong and the large. bush a vigorous grower. 36 petals. \$1.25

to bloom in your garden until peace comes and long afterward

The 12 Roses illustrated in color on this page (Poinsettia not included) make a collection of favorites which through their perfection can well represent the day of victory.

Their lovely blossoms, beginning in June and continuing throughout the season, can readily ease the mind and give renewed strength to carry on until final victory.

Ami Quinard Condesa de Sastago **Edith Nellie Perkins** McGredy's Scarlet Margaret McGredy Mme. Jules Bouche

Mrs. Pierre S. du Pont President Herbert Hoover Sunburst Syracuse **Texas Centennial**

yellow and salmony pink are intermingled charmingly. The flowers are well proportioned and the bush is a good grower. \$1.25.

Golden Dawn. An easy-growing, fool-proof yellow Rose. Its large, double, cupped light yellow blooms are freely produced on a low bush. Fragrant. 42 large petals. \$1.00.

Good News. Plant Pat. 426. A splendid new Rose. The compact bush produces quantities of artistically formed blooms. They are light coppery apricot, high centered and fragrant. 50 petals. \$1.50.

Grande Duchesse Charlotte. Pat. applied for. new All-America Rose. The long stream-ned buds are glowing Morocco-red, opening to firm-petaled blooms of dusky coral-red which gradually merge to a soft coral-pink Slight carnation fragrance. 25 petals. \$1.50.

Heart's Desire. Plant Pat. 501. All-America Rose Selection. The color is a pure even shade of luminous red throughout the season and the fragrance exhibitanting. The vigorous plant bears numerous large flowers. \$1.50.

Horace McFarland. Plant Pat. pending. It is fitting that this Rose, named for the Dean of Rosedom, Dr. J. Horace McFarland, should be so outstandingly beautiful. The large flowers are held proudly erect and are unusually striking in their warm brownish orange and apricot shadings. The form holds well as the flower develops. All-America Rose Se-

Innocence. The name is characteristic of the simple single white blooms of this charming Rose. Its flowers open to about 4 inches in diameter. 10 petals. \$1.00.

Jean Bostick (Golden Sastago). Large, double, deep yellow blooms on long, strong stems. The yellow holds better than in most Roses. 50

Joanna Hill. Lovely soft yellow. Its attractive way of uncurling its petals makes it one of the most popular varieties. Well-formed buds, good stems, and a lasting flower. A good upright grower. 53 petals. \$1.00.

K. A. Victoria. Long known as the most perfect white Rose. The long beautiful bud lasts well and opens to a double, really white bloom,

Good stems, blooms freely. 62 petals. \$1.00.

Korovo. Double enough but with a long bud that is very graceful. The soft light pink color is blended with salmon and gold at the base 30 petals. \$1.50.

Lady Ashtown. As the large rose-pink buds expand, the petals curl back, making a pointed and symmetrical flower. The bush is a large,

and symmetrical nower. The bush is a large, robust grower. 43 petals. \$1.00.

Lowell Thomas. Plant Pat. 595. The large, perfectly formed blooms have 35 golden yellow petals that hold their color very well. Very sturdy plants. Dainty fragrance. All-America \$2.00.

Mabelle Stearns. Plant Pat. 297. Spreading habit; plant about 5 feet apart. The branches grow horizontally, like a Pfitzer juniper, and the plant gets about 2½ feet high. It blooms like a Hybrid Tea but neither freezes down in Winter nor gets diseased in Summer. Blooms are dawn-pink, of medium size, very double. 61 large and 64 small petals. \$1.50.

Margaret Belle Houston. Large, double, deep red blooms with the petals curled at the tips. The bush is a strong upright grower. \$1.50.

Margaret McGredy. One of the older McGredy Roses. Its growth is compact, its foliage abundant, and its large, round blooms are a attractive orange-scarlet. 38 petals. \$1.25

Mary Margaret McBride. Plant Pat. 537. Al America Selection. A tall, vigorous, health grower with attractive buds and 5-inch, shapel

grower with attractive buds and 5-inch, snapely flowers of a delightful salmon-pink. Mildly fragrant. About 45 large petals. \$1.50.

Maurice. Bright pink blended with salmon and gold, deepening at the base. Large and spectacular. The growth is very robust and

McGredy's Gem. A remarkably strong plant which produces a large quantity of medium-sized light pink blooms. The petals curl back symmetrically. 24 large and 15 small petals.

McGredy's Ivory. Long buds and perfectly formed, ivory-white blooms larger than average. They are fine for cutting, coming on strong, straight stems. 25 petals. \$1.00. McGredy's Scarlet. This Rose is scarlet only | Pedralbes. Unusually long buds that open to in the Fall; at other times it is a good deep pink. The buds are especially slender. Bush is a tall, fine grower. Very reliable. 35 petals.

\$1.25. Mirandy. Plant Pat. 632. A sensational new red—very large, double and dark. Very vigorous, stalwart growth. Really worthy of wide planting. An All-America Selection. \$2.50.

Mme. Cochet-Cochet. Plant Pat. 129. One of our favorites. The long streamlined bud opens into a large salmon-pink bloom. The bush is an easy grower and produces abundant flowers. 20 petals, \$1.25.

Mme. Jean Gaujard. Plant Pat. 338. The aristocratic long bud opens to salmon-orange with salmon-pink shadings, illuminated with

gold. Long stems and upright growth. \$1.50. Mme. Joseph Perraud. Long stems, long buds, and deep cadmium-yellow flowers toned with burnt-orange. 38 petals. \$1.25.

Mme. Jules Bouche. A sturdy grower with beautiful white blooms touched with faint pink at the center. Intensely fragrant. 32 petals.

Mrs. Charles Bell. One of the Radiance family with large, shell-pink blooms. Large, reliable plant. 30 petals. \$1.25.

Mrs. E. P. Thom. Sunflower-yellow blooms in

profusion on nice stems for cutting. A good grower, 29 petals, \$1.00.

grower, 29 petals, \$1.00.

Mrs. Henry Bowles. Large, double pink blooms on sturdy bushes, 50 petals, \$1.00.

Mrs. Paul R. Bosley. Plant Pat. 441. A yellow sport of the popular Mme. Joseph Perraud. Like its parent in every way except that the color is clear molten gold. Long pointed buds

or good form, \$2.00.

Mrs. Pierre S. du Pont. A deep yellow Rose with numerous, well-shaped buds of a very attractive shade. A low, compact grower. 38 petals. \$1.25.

Mrs. Sam McGredy. Showy copper and apricot; well formed. Not an especially strong grower but that makes very little difference

grower but that makes very notice difference with those who see it. Popular, 38 petals, \$1,25. Narzisse. Plant Pat. pending. Immense apricot-yellow buds opening to splendid blooms of maize-yellow. They are borne erect on extra-stout stems from vigorous plants. \$1.50.

SUNBURST

semi-double, pure white blooms with showy yellow stamens; borne very freely on a strong bush with abundant foliage. 31 petals. \$1.25.

bush with abundant foliage. 31 petals. \$1.25. Pink Dawn. Long, deep rose buds open into large, fully double, lovely light pink blooms tinted orange at the base of the petals. Sweetly fragrant. Upright. 66 petals. \$1.00. Pink Diamond. Plant Pat. 516. Immense, warm glowing pink, high-centered blooms that are well proportioned. Especially in the late Charles of the petals.

are well proportioned. Especially in the late Summer, the generous blooms have a striking petal formation. The plant is tall and husky, giving wonderful stems for cutting. \$1.50. Poinsettia. Fiery light red. The color as well as the unfolding of the petals reminds one of a Poinsettia, hence the name. A good, upright grower. Free bloomer. \$1.50.

President Herbert Hoover. Tall, upright growth and long stems. Long, reddish buds; flame and yellow flowers, large and exquisite.

Princess Marina. The delightful coppery pink blooms are blended and toned with gold, deepening at the base. \$1.25.

ening at the base. \$1.20.

Radiance. Easy to grow. The two-tone pink blooms are produced quite continuously. Tall, vigorous. 30 petals. \$1.00.

Radio. Plant Pat. 197. The color is a clear yellow but carmine dots and dashes are bold bushlessed. I amo fragment flowers with longer than the plant of the product of the produ

played. Large, fragrant flowers with long strong stems. \$1.25. Ramon Bach. Plant Pat. 366. Large, double

well-shaped blooms of apricot-yellow on long straight, strong stems. The bush is a good strong grower. 80 petals. \$1.25.

Red Boy. Single. Not really red most of the season, but a good deep pink. A large, vigorous grower; prolific bloomer. \$1.00.

ous grower; prolific bloomer. \$1.00.

Red Radiance. Like Radiance, this is an easy grower. Its blooms are light red and last long in bud form. 30 petals. \$1.00.

Roslyn. Real sunflower-yellow blooms that are large and rather loosely formed. The bush is a big, sturdy grower. 30 petals. \$1.00.

Saturnia. Plant Pat. 349. The large, beautifully formed, semi-double flowers are a brilliant cardinal-red with a reverse of salmon-yellow, a most striking combination. A fascinating a most striking combination. A fascinating fragrance, \$1,50.

CONDESA DE SASTAGO

MELVIN E. WYANT Ruse Specialist, Inc. MENTOR, OHIO

* HISTORY OF THE ROSE *

THE Rose is an ancient and long-lived plant. According to Charles E. Resser in the American Rose Annual, fossil remains prove that Roses were on this continent over 35 million years ago. So when man arrived on earth, there was the beauty and fragrance of the Rose to make his home more enjoyable.

Down through the ages, the Rose has been cherished and loved for its beauty and fragrance, its durability and

At first there were only Rose species, rugged bushes with single flowers in the spring. These species are of the same size and color generation after generation but sometimes, instead of having only five petals, one would occur with ten petals, which probably seemed to be an improvement. Then since man is never satisfied, he tried to improve them still further by applying the pollen of the more double ones by hand to other choice varieties. Continuing this crossing (hybridizing)

for generations, he finally obtained fully double, very pleasing Roses in a combination of colors.

"No man with Roses lacks for friends: He speaks to kings and ne'er offends.'

World traders brought to Europe other species which had a more continuous blooming habit, and these were mixed with Europe's best. The resultant bushes were rugged, with large blooms that occurred not only in the spring but also occasionally throughout the season. The growers thought they had an everblooming strain of Roses, and called them Hybrid Perpetuals.

This Hybrid Perpetual strain was later crossed with the more everblooming but tender Tea Roses of the South, and this produced our relatively hardy and quite continuous-blooming Hybrid Tea Rose which we have today. These Hybrid Teas are still being improved and the best ones are selected for your enjoyment. lected for your enjoyment.

FLORIBUNDAS

Betty Prior. Plant Pat. 340. Strikingly two-tone

arooms are semi-double, bright by produced on a 20-inch plant, the same size but much brighter ilsen, and the bush is lower, \$1.00. Pat. pending. A new variety of attractive orangy red flowers 20 to 24 inches. \$1.50. Single, broad, 2-inch, light red h is one of the most continuous.

WHITE FINCH

New. The finest white Floribunda to date. Masses of double, pure white blooms are borne in immense rounded clusters throughout the season. The growth is of medium height, 18 to 20 inches, sturdy, compact and disease resistant. \$1.25.

POLYANTHAS

The Polyantha or Baby Rambler Roses blo most continuously throughout the season. The ave clusters of flowers like the Climbing Ramble

CLIMBING ROSES

The Climbing Roses offered here are the best of their class. Very few of the old Ramblers are now planted; the demand is almost entirely for the newer Climbers which have disease-resistant foliage, large blooms, and long stems suitable for cutting. They are not as rampant growers as the old-fashioned Ramblers but a carefully trained plant is a real spectacle when in full bloom. Do not prune more than enough to keep the plant within bounds; cut out the dead and oldest stems down to the ground. Prune soon after the big June bloom.

Climbing American Beauty. The flowers are at first a good red color but in a few days turn to a deep pink. They are large and fragrant. Early. \$1.00.

Crimson Conquest. Large spreading growth. When in bloom in late June, the plant is covered with a mass of single showy deep scarlet blooms. They are 2 to 2½ inches in diameter, and come in clusters. The variety is of real merit, but not often offered for sale, \$1.25.

Dr. W. Van Fleet. Large, shell-pink flowers on long stems. Waxy foliage and very vigorous growth. A late Spring bloomer. \$1.00.

Golden Climber. Plant Pat. 28. The large golden yellow blooms maintain their color until they fall, and are of beautiful form. It is best to grow it in full sunlight. A vigorous grower with beautiful thorns, foliage, and flowers. \$1.50.

Kitty Kininmonth. A delightful Australian variety that blooms over a long period. The large, broad, bright pink flowers with golden stamens are supremely lovely. Recurrent. \$1.50.

Mary Wallace. The long buds borne in the Spring are fine for cutting. Large, semi-double flowers of a bright rose-pink, on long stems. A very strong grower which can be trained as a Climber or allowed to develop as an arching self-supporting shrub. \$1.00.

New Dawn. Plant Pat. 1. Sport of Dr. W. Van

Paul's Lemon Pillar. The large, creamy white blooms are so perfect that they would do justice to any Hybrid Tea. They are borne abundantly but not so profusely as the older cluster-type climbers. Strong pillar-type growth. \$1.50.

well-formed, glistening scarlet flowers are diately thrilled by it. A strong, hardy, n sized, upright grower. Mid-Spring. \$1.00

sizeu, dpigne grower. Micspinig. 21.00.

Silver Moon. In the late Spring beautiful creamcolored buds on long stems open to semi-double
flowers about 4 inches across. They are pure
white enhanced with golden yellow stamens. One
of the most vigorous of all Climbers. Mid-Spring
bloomer. \$1.00.

* WYANT BLUE BLOOD ROSES *

ROSEBUD is always cherished, for it gives a A thrill unequaled by any other garden flower.

During times of strife and turmoil the beauty
of a Rose can do wonders in giving us strength and courage. Vegetables are important but one Rose may do more for us in hours of stress than a bushel of vegetables.

Although Roses are very scarce this Spring, we have a good list of fine varieties covering a full range of colors. The list is shortened because some kinds are sold out, but many of them will again be available in the Fall.

The Roses offered were not all grown at our nurseries but those that we have bought have been carefully selected, and we are confident that they will give you satisfaction in your garden. Give

them a fair chance; treat them with love and care, as living things, and they will repay you bounti-

Wyant Blue Blood Roses are superior, pedigreed stock that will produce more satisfaction in your garden. They have been stored over winter in an air-conditioned storage cellar where the temperature and humidity keep them perfectly. These Roses are practically planted in the cellar in moist soil, which retains all the vitality in the plant. In shipping, the roots are packed in moist moss so that they will arrive at your home in the prime of condition. This makes Wyant Blue Blood Roses better Roses for your garden.

MRS. PIERRE S. DU PONT

95 of the Most Outstanding

This is the largest and most important class of Roses, for the Hybrid Teas are the Monthly or Everblooming type. They furnish fine, fragrant blooms for garden and indoor decoration.

The bushes usually grow 1½ to 3 feet high and should be planted 12 to 15 inches apart in beds. If planted relatively close together they will shade the ground, keeping it cooler and in better condition for the Roses during the Summer.

Ami F. Mayery. Beautiful cochineal-pink; large, semi-double blooms. Worth trying if you want something charming and different. 26 petals. \$1.25.

Ami Quinard. Deepest red. The long buds, opening into medium-sized flowers, are freely produced on an erect bush, 15 petals. \$1.25.

Angels Mateu. Plant Pat. 174. A lovely orange shade. Large, full-petaled, splendid form, fine for exhibition. Erect strong grower. Rich fruity fragrance. \$1.50.

Apricot Dawn. A delightful foolproof variety, like Golden Dawn except that the broad petals are buff-apricot on the inside and deeper apricot on the outside. The bush is a compact, strong, healthy grower, and the fragrance is rich and spicy. 42 petals. \$1.50.

Better Times. Plant Pat. 23. The deep cerise flowers are large, double, and delicately perfumed. Being freely produced on long stems, they are excellent for cutting. 35 petals. \$1.25.

Betty Uprichard. Two-tone coral-colored buds, opening to semi-double blooms with long stems. Strong and upright. 23 petals. \$1.00.

Black Knight. Plant Pat. 159. Black-lustered red, especially deep in color when we have cool nights. Fully double, with many small petals. Strong fragrance. Vigorous, upright. \$1.50.

Brazier. The color is two-toned dazzling flamescarlet, toned with burnt orange. The petals curl back, cactus-like, giving a novel appearance. A good producer. 36 petals. \$1.25. Break O'Day. Large, very double blooms of

orange to apricot. Very free blooming. Vigorous, upright. 60 petals. \$1.25.

Briarcliff. The large, double pink blooms are borne on strong, smooth stems. Rich fragrance. 44 petals. \$1.00.

California. Plant Pat. 449. A free bloomer of a glorious shade of ruddy orange toned with yellow. The buds are long and pointed, opening to enormous, semi-double flowers. Vigorous growth, with healthy green foliage. \$1.50

Cecile Walter. The 28 large salmon petals form a beautifully shaped Rose. Long, tapering buds and long stems. Medium tall bush. \$1.50. Charles K. Douglas. One of the good old stand-

bys in red Roses. The large, loose, fragrant blooms remain a good color in any weather. Bush is a large, easy grower. 32 petals. \$1.00.

Charlotte Armstrong. Plant Pat. 455. An All-America Rose Selection. Delightful long sleender blood-red buds open into magnificent deep glistening rose-pink blooms. Only about 30 petals, but they are large, making a full, beautiful flower. The bush is very vigorous, with long strong stems, fine for cutting. \$1.50.

Christopher Stone. Brilliant clear scarletcrimson. Long pointed buds open into large flowers borne on erect firm stems. Alluring Damask fragrance. \$1.00.

Condesa de Sastago. The intense two-tone color, red and yellow, is so striking that almost everyone who sees it wants it. Blooms are large, globular, double and very fragrant. A vigorous, medium tall grower. 63 petals. \$1.25.
